

### **Ofsted Inspection - February 23rd 2018**

Dear Parents and Carers,

Our first Ofsted Inspection went really well and we are super proud of all our little bears they were amazing, all extremely well behaved as always and showed how happy they are learning with us.

Thank you to all the parents that shared their feedback during the visit and in our questionnaires last term. It reflects how far we have come since we opened two years ago on 22nd February 2016. Your support has been immense and I am always over whelmed by this from everyone.

I have a fantastic team at Clare's Little Bears. I really do feel we are unique with how supportive they are of each other, we all absolutely love coming into work and helping your children learn and grow.

We work in partnership with everyone that comes into contact with us and long may it continue.

The feedback was really good, the Ofsted Inspector said she had a wonderful experience and we all made her feel welcome. She could see how enthusiastic we all are. There are a few areas we will evaluate from the inspection and this is the treasure basket time. The children enjoy this activity but it can be time consuming at the end of the day and the younger children can get distracted.

The outcome was "GOOD" we are very proud of this for our first inspection as a pre school. The report is attached, if you wish to discuss any areas or are concerned with the report I am happy to do so.

Wishing you all a fabulous weekend.

Kind regards  
Clare and the CLB Team
